Greetings in the Lord Jesus Christ!

I am excited to have the opportunity to help further the gospel in Japan by serving at the Japan Church Planting Institute (CPI) Conference this November, near Mt. Fuji. A volunteer team from various areas in the US is being assembled to serve missionary families and national pastors who will attend this conference. CPI provides Christian workers from all over Japan with an opportunity to meet together for a time of strategic training in church planting, fellowship, and spiritual renewal. Our role of service in childcare, VBS, youth ministry and logistical support helps to make this conference affordable and possible for many to attend.

This year's Japan Church Planting Institute (CPI) trip will be November 4th to 13th. You can learn about CPI by going online to www.japancpi.com (our USA team website) and by visiting the official Japan CPI website at www.jcpi.net. We are also on Facebook – you can search for us at [Japan CPI \(US Team\)](#).

The Lord is adding to our team, and we are praying for a total of 60 members to join this mission project. The expected cost is to be around \$1,400.00 plus airfare. I am asking for your partnership in prayer and financial support for this trip.

We all have seen the devastation of northern Japan's east coast after the earthquake and tsunami of March 11th and the subsequent problems at the nuclear power plants. Many missionaries and churches in Japan are exhausting themselves to reach out to the hurting, bereaved and lost with practical and spiritual help. Our CPI conference will be all the more vital in ministering to these faithful Christian workers. You will be encouraged to learn that many Japanese who had never before stepped inside a church are now helping in the relief effort by donating supplies to churches. Those in the affected areas who receive help are surprised that the aid is being given by churches. This is indeed a very strategic time for missions in Japan.

Please know that your prayers are vitally important to the success of the CPI conference. We want to have the maximum impact on the kingdom of God that is possible. Let's pray for a gospel tsunami of grace and truth to sweep over the nation, crushing unbelief as it brings healing and life, as opposed to death and destruction. Let's pray that God's glory would cover the nation of Japan like a flood!

Laboring together for His glory,

I would like to help support the 2011 Japan CPI Conference missions trip (Nov. 4-13).
